Before the Remodeling

- - The interior spaces featured outdated and worn finishes.
- - The kitchen and living room had an old-fashioned style, with outdated furniture and appliances.
- - The bathroom looked basic and unattractive, with traditional finishes.
- - The bedrooms lacked modernity and freshness, giving off an image that was not appealing for today's market.

After the Remodeling

- - Kitchen: Updated with new cabinetry, appliances, and contemporary finishes.
- - Living Room: Renovated with upgraded flooring, fresh paint, and modern lighting fixtures that enhance brightness and spaciousness.
- - Bathroom: Redesigned with modern fixtures and accessories, offering a more aesthetic and functional experience.
- - Bedrooms: Updated with new flooring, neutral paint, and modern baseboards, creating cozy, move-in-ready spaces.
